

THE Republican's

JOB Department

Is fully prepared to handle
Job Printing of every kind

Satisfactory Job Printing
requires originality and
taste in design, care, and
skill in execution.

Correct Printing Is an Art

There is a great difference
between "printing" and
"correct printing." Our
work is "correct" in every
detail.

We are always glad to lend
our knowledge and assist-
ance. Cost estimates will
be cheerfully furnished
whether or not an order
ensues. Prompt work is
assured.

Give Your Stomach A Chance

To Furnish the System the Necessary
Fluids to Drive Dyspepsia
From the Stomach.

A Trial Package Free.

You should give to your stomach the chemicals it needs to restore tone, vigor and health to the gastric fluids.

Food contains all these ingredients so necessary, and when the stomach is in a normal condition it separates these ingredients as it should and manufactures its own digestive agents, but when it is sick and sore, filled with acids and alkalies that irritate everything they come in contact with, it does not get at the food as it should and cannot make its own juices correctly.

Science has proven just what is most necessary to the stomach to produce the correct gastric fluids and to make of digestion a naturally pleasant duty.

Stuart's Dyspepsia Tablets are so made as to give the stomach the highest chemical properties to aid digestion. These tablets are made up from pure fruit and vegetable essences, and this is the formula: Hydrastis, Golden Seal, Lactose, Nux, Aseptic Pepsin (the highest digestive known), and Jamaica Ginger. Its preparation peculiarly preserves the full strength of these ingredients, so that they go into the stomach strong and capable of digesting food of any character. Forty thousand physicians use and prescribe them. Ask your doctor his opinion of the formula above. Every drugstore sells them, price 50 cents per box, or send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

OF LOCAL INTEREST

AID SOCIETY MEETING—The Ladies' Aid society of the First M. E. church will give a tea at the church parlors today from 2 to 4 o'clock.

SONG LECTURE—Frederick Bancroft, who has been visiting Mr. and Mrs. Dwight B. Heard for a time, will give one of his song lecture entertainments in Tempe this evening, and a special train will be run for those who desire to attend from Phoenix. The train will leave here at 7:30 and return after the entertainment. Mr. Bancroft is probably the best delineator of Scotch and Irish songs to be found anywhere. He has devoted much of his life to a study of their history, authorship, and variations, and not only sings them but tells their history and meaning and significance to the people among whom they originated.

ASSOCIATED CHARITIES—The Associated Charities held a well attended meeting in the board of trade room Wednesday afternoon at which reports of the various officers were read, and there was a general discussion of the work of the organization. It seemed to be the general belief that the society has a year of good work ahead of it. It is hoped with brighter financial conditions and that altogether it can well feel that it is serving a useful purpose in the aid of the suffering poor who cannot do for themselves. A committee was appointed to nominate officers for the coming year, and that committee will present its report for ratification at a meeting to be held in the board room this afternoon at 4 o'clock.

ANTI-TUBERCULOSIS SOCIETY—The Arizona association for the study and prevention of tuberculosis held its annual meeting last evening in the W. C. T. U. building on West Monroe street. A public meeting had been advertised and it was planned to have a general educational discussion of timely topics, illustrated by slides and other exhibits. However, the public did not respond in great numbers and the meeting resolved itself chiefly into a business session in which only those who have exhibited an interest in the association's work participated. Many of them were physicians who came here to attend the recent convention and the rest were most of them members of the county society organized under the provisions of the territorial association. The principal thing done was to elect officers for the ensuing year, as follows: Walter Hill, Prescott, president; Dr. H. A. Hughes, Phoenix, first vice president; Rev. Mr. Walker, Douglas, second vice president; Dr. J. W. Flinn, Prescott, secretary; L. B. Christy, Phoenix, treasurer; Dr. W. W. Watkins of Phoenix, Dr. C. E. Yount of Prescott, Dr. W. V. Whitmore of Tucson, medical counselors.

**Many mothers
Instead of destroying
The children's stomachs
With candy and cake
Give the youngsters
A handful of Grape-Nuts
When they are begging for
Something in the way of
Sweets. The result is soon
Shown in greatly increased
Vigor, strength and mental
Activity.**

IMPORTANT NOTICE TO PARKER PEOPLE

Today Entrymen Are Warned of the
Dangers of Delay.

The attention of those who have submitted proofs on Parker townsite lots is called to the fact that they have only until April 30 in which to pay into the local land office the re-appraised value of the lots they have chosen. Failing to exercise this preference right of entry, accorded to them, through the submission of final proof and full payment by April 30 they will lose out entirely; that is, there will be no opportunity to make proof later and they will possibly have to wait a year for the return of the partial payments already made.

All lots, on which the preference right of entry has been given, will be sold at public auction unless final proof is made, the same as the rest of the lots and thereafter there will be no recourse. In this respect conditions are different from homestead or some other applications, where under certain conditions the register and receiver can return the money paid in. In this case they can not do so.

Under the law all the entry payments made are turned over to the United States treasurer direct, as will have to be done with all moneys offered in payment after the date of April 30 by tardy entrymen. In the hope of perfecting their applications. Even in the event their entries are rejected their money can be returned to them by the treasurer, only after a long process of detail that might take a year, wherefore it is important to the entrymen to have their claims perfected and their fees all paid to the Phoenix land office before April 30.

These facts have been set forth in the official advertising of the land office but there are so many still in arrears or who have neglected to act promptly, that it seems quite evident they have failed to read the advertising or are proceeding on the theory that their entries will be protected anyhow, even if they are slow in making proof. Those who have not taken steps to complete proof and payment before the end of next week should consider well the fact that they are likely to lose what they have already expended, beside being shut out of all preferential rights.

SURE REMEDY.
Wise—There is only one way to keep from being jealous when you get married.
Green—How?
Wise—Marry an ugly girl.

CURSE OF DRINK.
Is there a greater enemy to the business, social and religious world than intemperance? Employers do not want men that are addicted to the drink habit. They are not to be relied upon. Drunkenness is a disease and must be treated as such. "FOXTON" is a harmless remedy that cures the drink habit and removes the craving for intoxicants. It can be given to unwilling patients without their knowledge, in coffee or food. The results are unfailing. Many thousands of grateful women will be glad to know that there is a remedy which will restore their loved ones to lives of sobriety, usefulness and respect. Complete treatment, \$2. Sent by mail, secure from observation, to any address. Sample and literature mailed free upon request.

MEXICAN LIQUOR SELLER VERY TIGHTLY TIED UP

A Double Line of Evidence Against Him.

Deputy United States Marshal Anderson returned yesterday from Bouse with Lucio Padilla charged with lacing liquor to an Indian. The Indian is under the care of the Parker agency and he was brought along. He had identified the Mexican as the man who had sold him the liquor. But without his identification there is no stronger evidence against the defendant than is usually obtainable in such cases.

Deputy Sheriff Kavanaugh who is in the liquor business there found a bottle of whisky in the possession of the Indian and he recognized the bottle as one that he had lately sold to Padilla. It was an ordinary beer bottle but had a peculiarly cut cork. The Indian told the deputy sheriff that he had bought this bottle and another of Padilla for fifty cents each.

While on this trip the deputy United States marshal had occasion to visit Swansea which he says is a scene of great activity. He also brought a report of progress of work on the A. & C. Trail which is now within twelve miles of Cadiz, the point on the main line where junction will be effected. There has been some trouble with the engine used in hauling material to the front but General Manager Drake is making arrangements to replace it with another in which case the last of the track may be laid in about ten days. In any event the line will be open not later than the middle of next month.
